PROFILE

Multidisciplinary creative professional with 5 years of experience across commercial photography, graphic and web design, visual content, video editing, and generative AI workflows. Founder of Sens Studio, working hands-on from concept and creative direction through production, post-production, web design, and final delivery.

EXPERIENCE

SENS STUDIO — Founder · Creative Director & Lead Photographer

Tehran, Iran | Oct 2024 - Present

- Lead creative direction and commercial photography for brand and business projects from concept to final delivery.
- Produce visual content across fashion, sports, food & beverage, portrait and promotional assignments.
- Oversee retouching, color grading, video editing and visual consistency for client-facing work.
- Develop content and creative workflows using Adobe tools, AI systems and prompt-driven production methods.

FREELANCE — Graphic Designer

Self-employed | May 2021 - Feb 2022

- Created graphic design, brand identity and advertising visuals for independent clients.
- Produced digital and print assets with a focus on visual clarity and brand consistency.
